VOL. 5. NO. 144 MONESSEN, PA., TUESDAY, DECEMBER 11 1906. SIX CENTS THE WEE

AMUSEMENTS RESORTS MUST COMPLY WITH MANDATES

So Says Mayor F. H. Shutterly, and Theatres, Pool Rooms and Skating Rink Have Been Notified to Pay Up.

Mayor F. H. Shutterly, acting in conjunction with the Monessen council, has officially notified the management of all amusement resorts in this city that thus far during their operations a city ordinance has been violated in that no license has ever been granted by the city treasurer for their operation. The matter was brought up for deliberation at the last council meeting, and the advisability of enforcing the ordinance discussed. It was discovered that no theatre or amusement resort of any kind except the Royal Theatorium had ever paid into the borough treasury the license as required by the borough ordinance number seven.

The law was enacted during John Bell's administration as burgess, but has been a dead issue as far as the interests of the city is concerned. The Monessen opera house, the Star theatre and the skating rink, will all be required to pay a license at the rate of $1.00 per day since the time of opening to the public

The opera house has been open two years this month, and if required to pay a back license, will have an enormous bill, and this will cause quite a deal of consternation among the stockholders. At the time the opera house building was proposed a majority of the councilmen then in power pledged themselves to support an ordinance to exempt the property from a license for several years. It seems the ordinance was never introduced into council, and now the enterprise is threatened with indiscrimination. The Star theatre has been in operation nearly one year, and has not complied with the ordinance, but has been officially notified, as has also Manager Rinehart of the skating rink, and the proprietors of the many pool rooms doing business in the city.

RELATIVES WILL CARE FOR CHILDREN.

The five children of Mrs. Amy Fields will be taken care of by relatives which will prevent them being taken to the County home. Late Saturday evening relatives of the family who lives in Rostraver township, back of Belle Vernon, came to Monessen and took charge of the children.

Good Exhibition.

Joe Hood, the champion fancy pool shot of the world, gave an exhibition at the Smoke house last evening. Quite a crowd was present and the excellent work of this well known star was fully appreciated.

WILL FIGHT THE DEALERS

Anti-Saloon League Expected to Wage Bitter Struggle Against Saloon Proprietors.

A big fight will be on in Westmoreland county this year, between the Anti-Saloon league and the retail liquor dealers and it is generally believed that many proprietors of hotels (?) who are in the business for the profits obtained solely from the "juice" will experience great difficulty in getting a license for the sole purpose of operating a saloon.

Last spring the league published all the names of those who signed the petitions for license, and read them in churches and distributed them thoroughly. This year a personal letter is being sent to all church members, warning them of the results should their names appear on liquor petitions. This it is believed will have a tendency to cause the hotel men considerable annoyance in securing the names of the best citizens of a community to a license petition. The league is going to put up a strong fight and the outcome this year will be watched with much interest.

THE "DAILY" ALWAYS AHEAD

The Daily Independent does not wish to be considered in anywise egotistical, but when a laurel comes our way, unsolicited, the aim is always, to accept it modestly and with the best grace possible.

Many commendatory words are coming to this office for having been first to give the people the first reliable, authentic and true information relative to the new and "Greater Pittsburg Steel Mill." Our aim is always, to get the news right, at the right time, in true form. There had been rumors and rumors, for weeks, and weeks, but the Independent was the first to give the authorative and absolutely correct story.

STREET MAY BE CHANGED

In Order to Facilitate Laying of Sidetrack for Benefit of Pittsburg Steel Co.

The possibility is that an ordinance will be introduced into council in the very near future to change the course of Twelfth street, between Schoonmaker avenue and the P. & L. E railroad. The building of the big blast furnaces, open hearth plant and blooming mill which are to be started at once by the Pittsburg Steel Co, necessitates the laying of a sidetrack or switch along the machine shops where Twelfth street is now located.

In order that this may be done it will be necessary to change the street in an oblique direction from the office grounds to the railroad. The steel company will donate to the borough an equivalent amount of ground both in width and length for the street and will ask the city fathers to act favorably.

Due for Another Oil Excitement.

Westmoreland county is about due for another oil excitement, as it has been some years since the Brinker oil field has been doing anything. This time, however, the story of an oil find comes from Salem township, and a gentleman from that township has declared that oil has been struck on the Adam Hoffman farm, near the Porter Run school house, in Salem township.

TROUBLE EXPECTED BETWEEN UNION AND NON-UNION ME

Ugly Feeling Exists at Wireton and an Officer Will be Placed in Charge of the Situation.

ONE OF LOCK 4 VICTIMS FOUND.

About 19 o'clock this morning the body of a man was found lying in the river near the Flint tipple. The body was removed and brought to Wright's morgue, where it has been identified by Superintendent Ayers of the Bridge Co., as that of Frank Campbell, one of the men who was drowned at Lock 4 at noon Wednesday, November 21. As the body has been in the water for 22 days it is in a horrible condition.

It is being prepared for burial. The watch carried by the unfortunate man was stopped at exactly three minutes to twelve, just two minutes after he went over the dam.

Got Quick Results.

Yesterday Mrs. Wm. Alexander inserted in the Daily Independent a small Ad., stating that she had lost a valuable breast pin, and offering a reward to the finder if same was left at this office. In less than a half hour from the time the papers were placed on the streets, little Annie Brewer brought the pin to the office saying that her mother had read the Ad., in the paper. She also refused any reward saying she was more than glad to restore the pin to its owner. Now Mr. Advertiser we merely suggest that you put on your thinking cap.

Township Constable Wm. Evans, of Webster, was yesterday called to Wireton to curb what threatens to result in serious trouble between the union workmen employed at the Pittsburg Steel mill and the non-union workmen who have been employed on the Monessen-Charleroi bridge. Constable Evans stated in an interview last evening, that an outbreak could be expected any moment as an extremely ugly feeling exists between the men, who gather near Wireton, each evening.

He said that the negroes and slavs were getting mixed up in the quarrel and that a serious riot, while not likely might take place any night. Mr. Evans spent the entire day yesterday, looking the situation over, and stated last evening that it was worse than he expected to find. He said that he would be unable to look after the matter himself, but that a man would be sworn in at once, and be located at the seat of the trouble, until matters quieted down.

Mr. Evans went to Greensburg this morning for the purpose of having a man sworn in, and will have him placed near Wireton at once. According to reports the quietly disposed citizens of the little town are much annoyed by the action of the trouble makers, and fear serious results. However the placing of an officer on the scene is expected to prevent any difficulty.

ROOSEVELT WAS RIGHT

The negro arrested by the local police yesterday, after he had made a wild and wooly attempt to clean out a Donner avenue bar, was a sample of the cattle fired by President Roosevelt from Uncle Sam's ranks. It certainly looks as if the getting rid of that bunch was a God send. The one in question was a member of one of the companies of negro infantry and was discharged without honor. For none other than seeming political reasons there are those who are taking up the negro boys burden and hollowing a crooked deal. Now this chap without cause or reason whatever, started a muss yesterday and all that prevented a murder was the fact that he was unarmed. It took the combined efforts of three able bodied policemen to conquer the disorderly drink crazed negro. If these negroes will rise to such a point of obstreperousness in a town like Monessen, with ample police protection and under the conditions which exist here, what will they do in a western military post under the protection of the uniform of Uncle Sam.

This morning the negro was very properly held for court under a heavy bond and immediately after hearing the verdict of Squire Watkins, further showed his thoroughly bad treacherous nature by heaping abuse on the town officials in general and making all sorts of preposterous threats, further agreeing to clean up the town if he were given the opportunity. Without doubt the negro is a dangerous character and a good stiff sentence when he comes up before court would be fully appreciated by the good citizens of Monessen.

Attending to the Ears.

It is specially needful to daily remove the wax at the entrance of the ear, or it will harden and become most unsightly. This wax must never be removed by a sharp instrument, or the delicate membrane inside the ears will be injured, and inflammation may ensue, which might eventually cause deafness. If the ears irritate, gently rub them with the fingers. Do not allow anything else to be used. Warm water is better to use to wash them with than cold, and unscented soap is preferable to scented. If the wax becomes very hard, it can be easily softened by pouring in a few drops of tepid olive oil at night. Then plug the ear with cotton wool and sleep with that ear uppermost. In the morning gently syringe it out with soap and warm water, using an ear syringe for the purpose. If you cannot get pure olive oil, warmed glycerin will answer the purpose equally well.

The tomorrow of which we dream never comes, but the real tomorrow upon arrival is merely a commonplace today.—New York Tribune.

Our Voices Deepen.

The primitive inhabitants of Europe were all tenors; their descendants of the present time are baritones and future generations will have sonbass voices. The voice has a tendency to deepen with age. The tenor of twenty becomes the baritone of twenty-eight and the bass of thirty-six. The inferior races have higher pitched voices than the more cultured. The negro has a higher voice than the white man. Among white races, the fair complexioned man has a higher voice than his darker skinned brother. The former is usually a baritone or a tenor, the latter a contralto or bass. It is asserted that tenors are usually of slender build, whereas basses are stout, but there are so many exceptions to such a rule as to be reliable. The same remark applies to the statement that thoughtful men have deep toned voices and vice versa. The tones of a voice are perceptibly higher before than after a meal, for which reason tenors are generally careful not to sing too soon after dinner.—Pearson's Weekly.

Henry Clay's Popularity.

The greatest popular idol in a political sense the country has ever known was Henry Clay. Only one other American statesman ever possessed the quality called personal magnetism to the same extent that he did, and no other ever had a more entirely personal following. He was a candidate for president from 1824 to 1848, but never reached the goal. He received 37 electoral votes in 1824, 74 in 1832 and 105 in 1844, but never enough to elect him. Clay was elected speaker of the house of representatives the first day of his term in that body and was five times re-elected. He was twice elected United States senator, once unanimously by the Kentucky legislature, and held several other high offices. If there was ever a popular idol in the politics of this country, it was Henry Clay, but he could not be elected president.—Indianapolis Journal.

The Old Plane Tree of Cos.

In the island of Cos, in the Ægian sea, there stands, jealously guarded, a huge plane tree measuring nearly eighteen yards in circumference. It is surrounded by a podium, or raised platform breast high, doubtless built to support the trunk of the tree after it had become hollow and weak from age. The lower branches are still well preserved and have been shored up by pieces of antique columns, over the upper ends of which the branches have grown like caps in consequence of the pressure of their own weight. Close by the tree is a solid marble seat, which is said to be the chair of Hippocrates, the father of medicine, and it is supposed that he taught the art of healing from that seat. He was born at Cos 460 B. C. This gives a clew to the age of the celebrated plane tree, which must be considerably more than 2,000 years old.

This Peculiar World.

This is a peculiar world, says an exchange. One is struggling for justice and another is fleeing from it. One man is saving to build a house and another is trying to sell his for less than cost to get rid of it. One man is spending all the money he can make in taking a girl to the theater and sending her flowers, with the hope of making her his wife, while his neighbor is spending what gold he has in getting a divorce. One man escapes all the diseases that flesh is heir to and gets killed on a railroad. Another escapes with a scratch and dies with the whooping cough. One man stands off his creditors and goes traveling while another pays his debts and stays at home.

Consoling.

A New England congressman once went to Franklin Pierce demand an office for a constituent. Pierce sent him to James Guthrie, secretary of the treasury. By and by the congressman returned to the president in great dudgeon.

"What did Guthrie say to you about appointing your friend?" inquired the president. 'He said he would be hanged if he would."

"Did Guthrie talk that way to you?"

"He did."

"Well, that's the way he talks to me, too," was Pierce's consoling reply.

Golf or Croquet?

It was a twosome. The player who drove off first had bandy legs. The second in driving off did not notice that his opponent had got in front of him and the ball ran through between the opponent's legs. Turning around in anger the bandy legged one said, "Here mun, that's no golf!" "Weel," said the other, "if it's not golf it's croquet."—Scottish Referee.

Wouldn't any woman be happy,
After years of backache suffering,
Days of misery, nights of unrest,
The distress of urinary troubles,
To find relief and cure?
No reason why any reader
Should suffer in the face of evidence like this:

Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For twenty years I was doctoring for kidney and liver trouble but without benefit. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and lack of circulation. Had a knife been thrust into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted faces. The kidney secretions were also badly irregular, and I was tortured with thirst and always bloated. I used boxes of Doan's Kidney Pills. The bloating subsided until I weighed 10[illegible] pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good and I feel better in every way."

A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists; price, 50 cents per box.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation.

The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenuous and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and satisfying.

No griping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box.

Where You See the Oldest Trees in the World

IMAGINE this if you can—3 square miles of forest, containing 300 trees measuring over 300 feet in height and 50 feet around When you consider that every one of these trees is as high as the ordinary city skyscraper of today, and that there are 3000 of them in this one forest, you have only a vague idea of the sight before you as you ride among them and look up among their branches Even these are larger than any trees near your home Expert estimate places the age of these trees at 5000 years They were growing before the pyramids of Egypt were built The

CALLED MEETING OF PRESBYTERY

Will be Held in McKeesport—Organization of Presbyterian Brotherhood to be Taken up at Evening Session

Today, both afternoon and evening, a Called meeting of the Redstone Presbytery will be held in the First Presbyterian church of McKeesport. The afternoon session will be devoted to the work of dissolving the pastor relationship between Rev. W. Scott Bowman, present pastor of the Brownsville First Presbyterian church, and the making of arrangements for his installation over the Congregation of the Second Presbyterian church of Uniontown.

In the evening a popular meeting for the purpose of organizing a Presbyterian Brotherhood will be held. The object of the Brotherhood is for the working out of Christian and Benevolent motives Besides the attendance of a large number of church workers and business men, representative speakers from all over the country are expected to be present and to address the meeting. The movement has created considerable interest and enthusiasm among the Presbyterians of this end of the state and the successful organization of the Brotherhood is almost assured.

NEGRO ALMOST BIT MANS THUMB OFF

Chas. Jackson, negro, was this morning held for court under $500 bail on a charge of felonious assault and battery preferred by John Bridger, who is employed as bar keeper at the Monongahela hotel. The negro yesterday entered the bar and became so abusive that he was ordered to leave the place. This he refused to do and attacked Mr. Bridger. In the scuffle one of Mr. Bridger's thumbs was nearly bitten off.

The negro then dashed out of the place presumably on the hunt of a weapon to completely rid out the place, as he had before threatened to do. He fell into the hands of the police, but it took the combined efforts of three of them to place him under arrest. When he was held for court he made all manner of threats, saying that he belonged to the government and that he would see the state. The negro was taken to Greensburg on the 1:14 train by Chief Woolsey

AT THE THEATRE

So much has been written about the "Decadent Drama" that it is a pleasure to record the fact that a few of the foremost theatrical stars will adhere to the presentation of the so-called legitimate plays. Of the small number so inclined may be mentioned the eminent tragedian, Porter J. White whose performances in Goethe's immortal play "Faust" in "Francesca di Rimini" in "The Fool's Revenge" and in "Paul Kauvar" will be well remembered by the most seriously inclined of our play goers. Mr. White has been secured by the Nixon & Zimmerman Company and will appear this season in a play which is new to theatre-goers outside of the large cities, namely "The Proud Prince" by Justin Huntley McCarthy.

This is the play which E. H. Sothern appeared in two seasons ago and which created a genuine sensation wherever it was seen The central figure of Robert the Bad, King of Sicily, is one which will give Mr. White every opportunity for the exercise of his splendid powers for the range covered by this exacting role is an extraordinary one and requiree a man of his genius to properly intrepret it. "The Proud Prince" will appear at the Monessen Opera House, Wednesday night, December 12, and we feel safe in saying that the event will prove to be one of unusual importance in local theatrical circles.

Stomach dosing will not cure catarrh. Breathe Hyomei and its germ killing air will cure the disease. Miller, sells on guarantee.
